### PROFILE

A passionate and innovative Software Developer with strong expertise in React.js, Python, Java, and Flutter. I am constantly exploring new technologies and have a keen interest in Artificial Intelligence and Machine Learning. My leadership skills and analytical thinking allow me to take on full-stack development challenges while working collaboratively within teams. I aim to leverage my development experience and skills in a growth-oriented environment.

### EDUCATION

- Shree Swaminarayan Gurukul Rajkot Sansthan** 2019-2022
  - Class X: 77.83% (2020)
  - Class XII: 59.55% (2022)
- RK University - B.Tech. Information Technology** 2022- 2026
  - Current Student 7th Sem.
  - Current CGPA: 6.39

### PROJECTS

#### Car Rental Webapp(React JS)

A fully functional car rental web application built using React.js, featuring an attractive frontend design and a robust backend that allows users to browse, search, and rent cars.

#### Switchcraft Minigame(Java)

Developed a Java-based light on/off puzzle game that engages players' minds and encourages logical thinking.

#### PPT Summary maker(HTML, Python)

Created a tool that allows users to upload their PPT files and receive a slide-by-slide summary in their desired format.
